

Adeline	Emmons Esq.	
James	Emrich	If you can't guarantee that individual Internet users like myself will not be negatively impacted by this rule change then please don't change the rule, thank you.
Arlene	Encell	Don't let big corporations decide the future of the internet, fast & slow lanes will destroy our democratic way of life that the internet has strengthened.
Michel	Endene	It makes a lot of sense that the income should become a public utility and should be regulated as such. Please act sensibly. Thank you.
Bruce	Endicott	
Byron	Endsley	I think Verizon, Time-Warner and their ilk make enough MONEY off of the rest of us already; Does this CRAP ever end? Apparently NOT.
Elissa	Engelbourg	
Elizabeth	Engelman	
Howard	Engelson	This is another serious act of INEQUALITY, and must be defeated. The internet was invented by a USA Government agency, and was paid for by the taxes of all of us Citizens, and is a Service provided to all Americans on an equal service
Bruce	England	Net Neutrality is needed to ensure that new ventures are able to play in a reasonably even playing field.
Ezekiel	England	
Ivan	Engle	If you stop it- The Internet might go Underground or Black market. Just think of the criminal activity then.....
Ray	Engle	
Erik	Englebert	
Jenna	English	
Rita	Englum	The Internet needs to maintain net neutrality, and the FCC needs to regulate the Internet to ensure that net neutrality is a reality, both now and in the future.
Edith	Englund	I was shocked to learn of President Obama's choice to head this...many Americans can't keep up with the enormous amount of information and crisis that happens daily...we need fair access to the internet. It's the only democratic way.
Rob	Englund	
Robert	Enman	
Jolene	Enns	
John	Ensslen	This type of Action above scares me I am already paying too much funding I had to cut down because of DIRECTV over charged in January I am on limited income from Veterans Affairs I need see REAL Net neutrality Not controlled by Any corporations.
Diana	Eoll	We all deserve equal time online and to give selected few faster service is unacceptable.
Roger	Epstein	Please do not do this. The internet has become so important to the free communication of ideas. Big media is so powerful and controlling, it can make free speech for the many, meaningless.
Kelly	Epstein	
Susan	Epstein	
Hedy	Epstein	
Barbara	Epstein	
Ruth	Epstein	
Marc	Epstein	
Roger	Erbe	Only Net Neutrality serves everyone equally! Don't make the INTERNET unfairly for just the powerful and rich! REMEMBER! The Net belongs to everyone, so make it equally available to everyone with equal access speeds for everyone! KEEP NET NEUTRALITY!
Wesley	Erck	Don't marginalize everyone except the biggest and the richest.
Tom	Ericksen	This internet should NOT be interfered with by large companies! It's for ALL of us to use EQUALLY!
Steve	Erickson	Hi please keep the internet open. The major telecom companies are interested in increasing profits not serving the needs of the average man.
Robert	Erickson	
Del	Ericson	
Anne	Erikson	I believe there is a way to change the title of this which will allow it to continue as is. Please do this.
Janet	Erion	stop making the rich people richer.
Timothy	Erlenbaugh	
Patricia	Ernst	
Sue	Errington	
John K	Erskine	As a aural artist (sound), I rely upon the internet to provide the most current research into the psycho-acoustic phenomena I attempt to 'trigger' with my creations. Please don't 'cut me off at the knees'.

Donald	Erway	This could not be more important. Reclassify the internet as a public utility, to save democracy and free expression for the little guy. Thanks Don
Jeffrey	Erwin	
David	Eschliman	Do not encumber the internet with monopoly business interests. Everyone's interests will be served with an open and equal-access internet capability, which originated in large part through US taxpayer funding.
Sandra	Eskin	The Internet is a public utility like water and should be available to each of us equally. Please don't ruin a good thing. Sandra Eskin
Elaine	Espicueta	I support complete net neutrality.
Vaughan	Esq.	Here's a perfect opportunity to show that you put the myriad interests of human beings ahead of the comparatively narrow property interests of wealthy corporations. Please take it.
Douglas	Estes	These corporations already have way too much power and should be split up.
Carl	Estes	
Linda	Estkowski	Please do NOT sell fast lanes online.
Joan	Estrada	
S.	Etherton	
Elaine	Eudy	
Dewayne	Evans	All they do is take more money, leave the internet alone, you cant even manage the money we give them now.
Richard	Evans	
John	Evans	
Bruce	Evans	
Kathy	Everett	
Jim	Evers	Back Off, FCC. This is a beginning ploy to gain additional control of the Internet in the future. It all has to do with \$\$\$\$\$\$ for the Government. The Government already has freebies they should be paying for. Leave the common man alone.
Robert	Evers	
Bill	Ewald	
Norman	Ewers	
Bruce	Ewing	I believe it is important to keep free access to the internet especially for people in rural Arkansas and other areas so that people can get the weather on line or the news on line when and where they choose. Bruce Ewing
Pete	Ewing	
Caren	Ex	
Richard	Eynon	
Diane H	Fabian	We the People paid for the Internet. We clearly oppose allowing corporations to essentially control (censor) what we can see online. It's a dangerous violation of our basic rights.
Laurel	Facey	
Ayman	Fadel	
Ethel	Fagenstrom	NOT FAIR. This is one more example of "More for the rich, less for everyone else".
Joseph	Fagg	The Internet should be free and serve everyone with adequate speed and access to conduct their business and pleasurable pursuits online. It must not become privatized or corrupted so that wealth determines the availability or quality of service.
linda	fahey	
Virginia	Fahey Castillo	O Boy O Biy do we need your decision to be in favor of the "Common (Wo)Man"! Please keep the Internet open!!!
Gill	Fahrenwald	
Charles E.	Fair	What other means do these companies try to scam the consumer. Other means do law makers makers get bought off and they don't have to abide by there laws. Correct this matter as well.
Doug	Fairbanks	The internet needs to be free and open to ALL users at the fastest available speeds, without preferential considerations.
Jack	Fairbanks	We need to keep the internet as it is rather than relegate non-corporate users to slow lanes. These lanes are slow enough as it is compared to other countries like South Korea, etc.
Pat	Fairbrother	There is no reason to support privileged internet access speeds for big money commercial interests. The FCC's proposed changes are anti-democratic and lend credence to growing concerns that US government is only for the rich.
Claire	Fairchild	
Millicent	Fairhurst	
Loretta	Fairman	
Theresa	Faivre	
John	Fakess	Stop this corporate giveaway.
Charlie	Falk	

Julie	Falkenberg	As a government agency, the FCC should be looking out for the interests of every individual in this country. Wealthy business entities are monopolies that manipulate. It is your job to control them!!
Rita	Falsetto	Is there no end to the continued takeover of bug companies? When will it stop? It must stop NOW!
Jody	Fanto	Net Neutrality is critical for consumers -- and for business as well.
Nancy	Farha	We need an open internet!!
Donna	Faria	Please do not allow big business to coopt the internet. Their point of view is profit driven and is not in the best interest of the common good. Thank you.
James	Faris	Please don't make the citizens of USA into 2nd class, under valued people. Remember corporations are people but they should not be privileged above ones who vote and need health care and who speak out without unlimited funds.
Professor Huber	Farnsworth	
Gina	Faro	There are so many clandestine activities going on in the US, as perpetrated by the CIA and it is critically important the the PEOPLE KNOW AND BE FREE - the Net should not have special privileges for the rich and powerful like corporations and the govt.
Beverly	Farr	
Dolores	Farrell	Anybody at the FCC who still wonders why the public is skeptical?
Mary Ann	Farrell	We all deserve NET NEUTRALITY.
Irene	Farwell	
Wendy	Fast	Real net neutrality is NOT giving huge corporations control (and even bigger profits!) and making each of us pay to access. That is simply destroying the internet as the democratic tool it was born to be. Please don't privatize the internet.
Selina	Faulhaber	
Malcolm	Faust	The PEOPLE own the Internet NOT any corporations. We need REAL net NEUTRALITY!!!!
Richard	Fay	Allow everyone equal access to the fastest internet common internet lines, so that we all benefit, not just the privileged -- that is the American Way.
Gulnara	Fayzulina	Free and open internet is critical for the success of future entrepreneurs and small business owners.
Angela	Fazzari	
Alvin	Fearn	
Albert	Fecko	
Willow	Feigum	
Michael	Feinberg	Service providers should not have the power to block ideas they disagree with. The proposed plan would give them this ability.
Kenneth	Feinour	
Erica	Feld	
Charles	Feldman	The internet is a service like the phone lines, which should be treated as such. In the America I know, we stand up for the little guy. that is what makes us great.
Isabel	Feldman	There's already too much media consolidation. Keeping net neutrality helps independent voices to be heard.
Mark	Feldman	THIS IS ANOTHER OBVIOUS BLATANT ABUSE OF CORPORATE POWER AND POLITICAL FAVORS WITH LOBBYING INFLUENCE AND CORRUPTION ONCE AGAIN. CONTROLLING ANOTHER GOVT AGENCY ALONG WITH WRITING THE RULES FOR THEIR GREEDY SELFISH INTERESTS.
Nina	Feldman	
Ruth	Feldman	
William	Felker	Telecom/wireless companies should be thought of as common carriers. The internet needs to be a neutral platform.
Tom	Felkins	DO NOT FAVOR THE RICH OVER THE MIDDLE CLASS!! NO "fast lanes" UNLESS ALL ARE ABLE TO PARTICIPATE.
Robert	Fellows	If I pay for internet service, I should decide what I see and how fast it comes to me. I do not relinquish my power as a customer to any company, instead I withhold my dollars as a subscriber. This is not freedom.
Michael	Felmet	
Sue	Felshin	We need net neutrality. The Internet should be regulated as a utility and equally accessible by all.
Kerry	Feltham	We need real net neutrality. No net neutrality, no democracy.
John	Femmer	
Annette	Fenner	The Internet belongs to the people, not to Comcast & Verizon.
Marsha	Fenton	The internet is the ONE place where people are treated equally - not by WHO they are or how much MONEY they have. It's time to protect this educational and communicative resource for ALL. May PEOPLE matter - ALL people! Thank you

Marcy	Fenton Bornemann	Minds of young and old and of all colors and classes have been engaged and thriving. Keep the energy flowing.
Patrick	Ferguson	do not allow fast lanes for the major telecom and cable companies. It's grossly unfair to the public/citizenship!
Arthur	Ferguson	
Donald	Ferguson	
Betsy	Ferguson	
Barbara	Ferguson	
T	Fernandez	Please serve the public interest!
Sara	Fernandez	
Elaine	Fernandez	
Dianna	Fernandez Nichols	This is the one place of equal access left to us. Please don't take the free internet and give it to the wealthy.
Harvey	Fernbach Md Mph	
Gerard	Ferrari	
Mary	Ferraro	
Paul	Ferrazzi	
Bryan	Ferreira	
Jack	Ferrell	By proposing faster access for entities with greater ability to pay, such as major telecommunications companies and content providers, the FCC has abandoned the principle of equal access at the heart of its mission.
George	Ferrell	I want a free, open internet for all. I do not want a few corporations to have variable pricing for speed and access. Doing so will lead to access, less technical innovation, and higher costs for users. Keep it open and equal.
Michael	Ferris	
Laurice	Ferris	
Vicki	Ferrusi	Fast lanes for a few means everyone else will sloooow down. Not a good Idea.
Monica	Ferry	Please keep the Internet FREE and EASILY accessible to ALL people, especially individual consumers like myself!
J. Allen	Feryok	
Sharon	Fetter	
Lois	Feuerle	The disparity between big and small, rich and poor is growing. Making small businesses like mine pay more to get faster internet will make this i=even worse!
Daniel	Fewster	We need REAL net neutrality - that means that the FCC not allow itself to be bought by corporate interests and do what's right for the common good. SAY NO TO CORPORATE CORRUPTION !!!
Bobbi	Feyerabend	Please remember that the internet when designed, was intended to be free and available to ALL. The giant communications companies do not need preferential treatment.
David	Fidler	
Marilyn	Fiebelkorn	
Brandan	Fiedler	We must be able to have the same access to the Internet!
David	Field	
Mary Beth	Fielder	We need to protect and open Internet so creativity can flourish in new businesses can have equal opportunity to establish themselves.
Tina	Fields	
James J.	Fields	
Tom	Fiero	The recent court decision allows internet providers to block or slow down any web site or application they choose. The FCC should reclassify broadband Internet access as a telecommunications service and save Net Neutrality.
Nancy	Fifer	
Donald	Figge	
Felicity	Figuroa	
Heather	Files	I don't want big corporations telling me where I should be searching on the Internet. That should be my decision alone.
Doris	Fillion	
FRANK	FINAN	Please stop the phone company lobbyists to change the system that is such a positive part of the life of Americans in their personal lives and business. AT&T should not be the one true choice they are one bad choice!
Jeffrey	Findeis	
John	Fineberg	
Robert	Fingerman	
Norman	Fink	

Jane	Finley	Once again the big spenders will get the best service while the rest of us get what's left! KEEP THE INTERNET FREE AND EQUAL FOR ALL.
Donna	Finn	
Gail	Finnessey	Please keep the internet neutral. Thank you :)
T	Finney	
Ken	Finton	
Richard	Firestine	
Karen	Firnhaber-Glawatz	
Elliot	Fisch	Please don't approve special "fast lanes" broadband for those with money. Keep the Net neutral.
Stuart	Fischbach	Big biz has enough control over customers without being given free rein to 'modify the open internet'. They knew the rules when they started the business. THEY are the ones who have to adapt, *NOT* the customers.
Doug	Fischer	Open internet, with startups having the same rights to speed as others is a critical social good.
Ellen	Fischler Gauba	Internet neutrality is a must!
Stephen	Fischmann	Can't have fast lanes without having slow ones. Let's not go down that road.
Janet	Fish	
Lydia	Fish	
Patti	Fisher	I am thoroughly against this plan.
Sandra	Fisher	I pay \$600. a month for TV/internet. All of the radio channels are owned by republican Fascists. These are supposed to be "owned" by the people! Do NOT take away our rights on the internet!!!!
Wade	Fisher	Please keep the average American citizens in mind when making your decisions. Letting a few companies dominate the media only equates to higher prices for consumers, bigger profits for big companies and crappy media for consumers.
Barbara	Fisher	stop the fast-lane fiasco. You are digging us deeper into a fascistic morass that even the God won't be able to pull us out. What about the do not call violations?
Sally	Fisher	There is little left in the USA not tainted by corporate greed. This incredible educational tool must remain free of the fetters of corporatism and special interests. America deserves better. Please preserve net neutrality once and for all.
Karen	Fisher	
Brian	Fisher	
Andy	Fisher	
Madeleine	Fisher-Kern	If the fast lane is promoted by the FCC and becomes controlled by big corporate interests, I suggest the FCC go and hide. The people will not stand for it and this country will see uprisings which will be quite unsettling.
Carolyn	Fisk	
Kathyn	Fitch	I urge the FCC to think of today and the future and work for net neutrality, real net neutrality. You have a chance to protect the public from commercial control and that is your job. Be brave and think forward.
Robert	Fitch	
Barbara	Fite	Net neutrality is essential for world-wide communication and safety in the global future.
Silvio	Fittipaldi	
Alan	Fitz	The Internet belongs top the majority of its users. Thus, the idea of providing enhanced access and service to those who can pay the most is repulsive. Don't let it happen.
Charles	Fitze	
Dat	Fitzgerald	I am against the FCC plan to allow fast lanes for the internet.
Martha	Fitzgerald	I favor net neutrality, because I don't want my internet access to be diminished just so that corporations can be put on the fast track.
Edmund	FitzGerald	No fast lanes exclusive to the corporations nd the plutocrats.
Penny	Fitzgerald	The internet needs to be open to all. As I have written to the FCC before we are behind in access already compared to other countries. I leave in a semi-rural area and most people already have extremely limited internet access.
Lila	Flagler	Please save a free and open internet. We need real net neutrality.
Denise	Flanagan	Please put the good of the American people, and freedom of communication, above the interests of Corporations. Keep the Net Neutral!
Anthony	Flannery	
Marcia	Flannery	
Marti	Flask	Talk about taking our rights away. We need REAL net neutrality, not control, or looking over our shoulder. Large companies are not the only ones who want freedom and the need to get things done. People, People! Thank You, Marti
Adrian	Flatgard	
Katharine	Flebotte	Protect equal access to the internet.

Stephen	Fleck	The US already suffers from terrible service (speed, price) compared with the rest of the developed world. The FCC owes the US public not to allow the big internet companies to soak the public even more!
Stephen	Fleck	We must not allow the US public - already soaked by comparison with European and other developed-world consumers - to be further soaked with terrible speed and huge costs. Please listen up!!!
William	Fleener Sr	
Tim	Fleischer	Corporate america does not need to control/profit from the internet
Norma	Fleischer	
H.	Fleishon	
Vivian	Fleitman	FCC STAY AWAY, YOU HAVE ALREADY RUINED OUR ENTERTAINMENT.
Thomas	Fleming	As our country continues to see power and influence shift from the people as a whole to monied and corporate elites, take a stand for democracy and keep the internet, "of the people," open, and a tool for democracy.
George	Fleming	Concentrated power is corruption .
JEAN	FLEMING	FREEDOM OF SPEECH
Joanne	Fleming	When this country started, it was incorporated into the constitution and into the pledge that it was not a country for the few, but for all the people. The few are trying hard to run this country now, and this is one more evidence of their greed.
Dan	Flerlage	As you very well know, those that control the media, control the perspective. The question is, what is the objective? Most of those with a pulse seem to appreciate the fact that diverse opinions and perspectives help in the consideration of cause and effect
Merry	Fletcher	
madeleine	Fletcher	We should keep and protect net neutrality. A lot of media producers are owned by Comcast. Do not allow them to slow down or impede access to their competition and to possible creative developments. nn. We depend on the FCC. Do not let us down please
Clarke	Flewelling	
David	Flinn	The Internet should remain completely open and free.
Shelby	Flint	Creating a two tiered internet will only increase the split between people who can afford to pay for access and the larger population for whom this would be a hardship. We need equal access for a healthy citizenry and an open economy.
Ben	Flint	
Meredith	Flood Rust	Equality for all!
Christina	Florez-Barnes	What happened to freedom of information? everything is already controlled by a small group of people.
Alexandra	Florimonte	Net Neutrality is one of the things America can be most proud of having maintained. It is truly a mark of a free society. As a patriotic act, we need to preserve 'Net neutrality. Thank you,
Donna	Florio	
Nancy	Florsheim	
Rick	Flory	RESIST CORPORATE CORRUPTION AND CONTROL OF THE INTERNET!
Bobbie D.	Flowers	
Janelle	Floyd	
Kathryn	Flynn	Do not add non- profits to a slow lane. Protect net neutrality!
Edward	Flynn	No No No, a thousand times NO. Do not implement the wrongheaded tiered internet speeds plan. Simply put it is anti-consumer and anti-business.
Linda	Flynn	the internet is a utility and should be available to all citizens equally
Charlotte	Flynn	
John	Flynn	You can not allow this COMMON asset to be parsed and sold to big money interests. The internet MUST remain an EQUAL and open highway for ALL - regardless of money. PEOPLE ALREADY pay their internet provider for access and higher speeds where they can.
Mary Margaret	Flynn Md	All of us through proper governance by FCC should be using the same highway at the same speeds. No corporate take overs and toll roads routing us to slow lanes and limiting content. NO NO FCC do your job.
Doris	Fodge	
Andrew	Foertsch	
Cecilia	Fogarty	
Anne	Foley	
Eric	Folks	Keep the internet open for individuals and not enable preferred access for corporations!
Stephen	Fols	
Joseph	Font	
Marie	Fontana	declare the internet a public utility.
Marc	Fontana	Please keep the Internet accessible to everyone !

J. D.	Forbes	
Karl	Ford	Big business is controlling Congress, for the last 14 years. Don't let them control our access to information too!
Mary	Ford	Please put the interests of the people before those of the moneyed, who are well-equipped to protect their own interests.
Victoria	Forde	If the FCC's plan to allow fast lanes for the few goes forward, the poor especially will suffer,. The deep-pocketed will pay to move their online content at top speed, consigning nonprofit, independent and dissenting voices to the slow lane.
Chad	Fordham	
Judy	Fore	Please, no fast lanes for those companies with deep pockets at the expense off the rest of us. Thank you.
Mark	Foreman	FOR THE PEOPLE, BY THE PEOPLE, OF THE PEOPLE. This is what I went to Vietnam for...not FOR THE POWERFUL, BY THE POWERFUL, OF THE POWERFUL.
Edward	Foreman	How much are you being paid to sell out consumers?
Ron	Foreman	
John	Forhan	Keep the internet free!
Brett	Forman	
Mark	Forsyth	
George	Forsyth	
Danica	Fortenberry	This is a country built on competition. You allow this to come to pass and our country is taking another step back towards fiefdom.
Barney	Fortier	The internet provides equal access to all of its users. It is a fine manifestation of our democratic principles. Don't create special fast lanes for the few. The urge to monetize everything is not in the best interest of the public.
Diane	Fortney	I'm a teacher. This would slow our education process even more. All students need access without delay.
Tracy	Fortuny	
Eric	Fosburgh	
Mary	Foskett	
Malcolm	Fossett	I sincerely believe we need to have net neutrality.
Leah	Foster	Equal access to the internet for all users -especially low-income people, and non-profit agencies, is imperative for a strong economy and a well educated population.
Sandra	Foster	I am for net neutrality.
Michael	Foster	Please don't let this happen. Corporate america is killing the little man, let the little man keep his high speed at the cost he's paying now or lower. This would hurt a lot of people. Thank you
Stephanie	Foster	Please keep access to the Internet fair & neutral. Thank you.
Lorraine	Foster	
Erim	Foster	
Janet	Fotos	
Jim	Fournier	Stop major telecom and cable companies from controlling what I can see and say on line. No fast lanes, otherwise dissent will be stifled.
Linda	Fowler	Allowing corporate control of the internet will greatly affect American's citizens voices. It will allow telecoms to override the basic freedoms the internet provides.
Richard	Fowler	Please do not allow big telecom and cable companies to have the control they seek over what folks can see and say online. If fast lanes for the well-heeled are approved, the rest of us who rely on the internet will lose a great deal. i
Tussell	Fowler	You must keep the internet FREE !! Do not allow corporations to screw the public again !!! ly was designed to be free from the outssset - do not destroy a good thing.
Richard	Fowlkes	
James	Fox	Do not allow the bib media companys hog the internet, not now not ever.
Carol	Fox	Do not kill the goose that laid the golden egg. The free and open Internet has been the incubator and catalyst of creativity and innovation.. Even more important, it is one of the truest expressions of democracy. Preserve real net neutrality.
Raymond	Fox	I object strenuously to any change to the current structure of the internet, especially a change that would favor the telecom giants.
Betty	Fox	Private citizens need to get our emails out on same par as corporations. How else would any of our petitions ever reach Washington, or our protests ever be heard
Louis	Fox	The FCC holds the key to consolidating the power of the few, or realizing the dream of democracy and allowing the voice of the people be heard. Please please do not let a few corporations close the doors of communication. we are watching!
Richard	Fox	This is the wrong approach and will sacrifice the many to the few.
Gene	Fox	

Bayard	Fox	
Paula	Fox	
Thomas	Fox	
Ellen	Fox	
Teralene	Foxx	America was built on some ideals such as freedom and equality of all citizens. Now the FCC has a choice that could make the majority unequal with privilege for those with the most money. That smacks of kings and the favored few. Give equality to all.
michael	foy	The hallmark of a free and Democratic society is the freedom of speech and the ability to freely communicate with each other and to be exposed to various opinions and ideas. An open Internet is critical today for our Democracy to survive.
Darren	Frable	
Robert	Fralick	
Terri	Frame	
Janet	France	Keep it open!
Irena	Franchi	Internet must continue as it is. Freedom is not negotiable.
Mary	Francis	A two-tier access plan will quickly become a multi-tier access situation and my small website will sink to the bottom. We are run by volunteers and can not afford to pay for the fast lane. Please DO NOT allow this rich v. poor access plan.
Donald	Francis	PROTECT THE CITIZEN. THATS YOUR JOB.
Nerferteria	Francis	The internet needs to remain free for our generation and those that follow. Freedom is a major component of American culture...let's preserve that.
Darrell	Francis	
Faith	Franck	It is appalling that the FCC is actually contemplating segregating consumers into first class citizens and second class citizens.
Richard	Francoeur	All hell will break loose if you destroy net neutrality
Christine	Frandsen	So many decisions seem to be for the privileged few in America these days....this is wrong and undemocratic. Corporations are NOT people and the 47%/99 are the foundation of this country....not greedy partisan interests.
Robert	Frank	Please don't make the internet essentially private and quash innovation by the people who have always moved our technology forward. They won't be able to compete with the big, less nimble companies who will control the high speed.
Kaley	Frank	Please keep the internet free for all. It is unfair to punish non-profit, independent groups while allowing corporations once again to have all the control. Thank you for considering my comments.
Dave	Frank	Protect the internet for all Americans.
Marion	Frank	
Albert	Frank	
Robert	Frank	
Howard	Frankel	If the FCC acts like the Supreme Court, we all should move to Canada,
Audrey	Franklin	Why would you do ANYTHING but save our internet from corporate takeover.....do taxpayers pay your salary? Or does your money come from elsewhere?
Claudia	Frantz	I am 75 years of age and depend on the Internet. It would be a tragedy to lose access for so many of us who lost their job or have a limited income and depend on the Internet for a better sense of well-being. Thank you for reading this.
Glenn	Frantz	
Michael	Franz	Since when does a democracy favor free enterprise over free access by "we the people"?
Paul	Franzmann	Not now, not ever. Keep the Internet neutral; let it exist as a public utility.
Evelyn	Fraser	Net neutrality is not tiered access. Classify the internet as a public utility as soon as possible. Sincerely, Sarah Fraser
Douglas	Fraser	
Ann	Frasier	We need neutral, equal access to the internet. Please do not allow fast lanes. Thank you.
Jill	Frawley	Fast lanes is a way of excluding people. The net is for everyone.
Bruce	Frazin	
Carol	Frechette	Stop second-class blocks to information which is vital in a democracy!
Karl	Frederick	
Anne	Frederick	
Cathie	Frederick	We all need equal access to the internet--low income and high income.
Howard	Frederickson	I'm already paying my telecom for internet access. I want open and fair internet for all sites i visit.
Chris	Frederiksen	
Jerry	Fredrickson	We do not want a two-tier internet that will benefit large corporations monetarily at the expense of the rest of us. We already overpay for internet service. Keep it open and available to everyone at the highest speeds possible.
Phyllis	Free	

Hannah	Freed	
Alan	Freedman	
Dale	Freedman	With TV and radio increasingly bowing to commercial and monied interests in deciding what they will air, we The People, increasingly look to the internet to get independent information from all sides. Pay barriers are not good for democracy!
Harold	Freeman	
Phyllis	Freeman	we need net neutrality.
John	Freeze	
Philip	Fregeau	U.S. companies already render the poorest service in exchange for the highest rates in the world. Why would you pander to the greed of these companies any more than you already have?
James	Fremont	Please keep the Internet open to equal access for everyone. If we are truly a democracy, the United States needs true net neutrality.
Nancy	Fremont	Please! It's hard enough already being an old lady.
Jonathan	French	Government of the People*, by the People*, and for the People* will probably perish from this earth much more quickly with any loss of Net Neutrality. *Corporations are not People.
Robert	French	Think of it this way: How would like to be forever relegated to travel the county road systems? The interstate system would only be available to you at a premium cost. Don't create a haves and a haves not web.
John	Frew	NO, NO, NO, NO, NO!
Wilma	Frey	I rely on independent internet media to provide me with non-corporate news and information. I also rely on nonprofit groups for timely information about environmental, social and political issues. Don't let corporate media giants control the internet!
Holly	Frey	Sites that provide information that is not biased by a profit motive are not owned by wealthy companies that can afford to pay the most. People need fast access to non-biased information.
Thomas Louis	Frey	Stop catering to corporate interest and greed. You exist to serve the people of this nation and not for lining the pockets of corrupt and greedy politicians and corporate pirates. Leave the internet along unless you are doing something to increase access.
Andrew	Frey	
Madonna	Freysinger	Please at least leave the internet as free as it is now. Cable is becoming less and less desirable because of the restrictions places by big money holders being allowed to have so much control. Don't let this happen to the internet.
Dean	Frick	Let's not let corporate America take over the internet!
M.Paul	Friedberg	
Patricia	Friedland	
Toby	Friedman	Keep the internet open, free and equal to all!! Thank you!
Deb	Friedman	Net Neutrality is fundamental to our democracy. Please don't allow corporate takeover of the internet. Please preserve Net Neutrality. Thank you.
Laurie	Friedman	Net neutrality is important in that it gives everyone an equal opportunity to share their thoughts. If corporations get involved in deciding priority, there will be winners and losers, and less equality and freedom of communication.
Robert	Friedman	
Benno	Friedman	
James	Friedman	
Michael	Friedman	
Martin B	Friedman	
Alan	Friedman	
Stephen	Friedrich	The people, not the corporations, "own" the internet. Do not allow corporations to use the system for their own benefit at the expense of the people.
Judy	Friend	Using the internet is very important to me as a senior citizen living far from family.
Richard	Frith	This proposed change will benefit the ultra-wealthy and limit access to full information for the other 99% of us. This would be a TERRIBLE idea!
Jean	Fritz	
Jim	Fritz	
Jody	Fritzke	Internet belongs to the Commons!
George	Frobisher	Keep your fucking hands off the open internet, you corporate whores! We want net neutrality! Do something for the common man and then get the hell out of Dodge!
Ray	Froess	Please get the government out of our lives! They need to get a real job and contribute to the economy rather than continue to be parasite who cripple those who work.
Joyce	Frohn	
Joan	Frondorf	DO NOT DO THIS!!!!!! KEEP THE INTERNET NEUTRAL!!!!!!!

Lucy	Frost	A free and open Internet is not only a means of our constitutionally protected right to free speech, it is also the great equalizer for commerce and therefore a tremendous means of boosting our economy and strength as a nation.
Sara	Frothingham	
Ann	Frutkin	Public airwaves should be available equally to all.
Felix	Fsuco	
Susan	Fuchs	Freedom of speech. Freedom of the press. These are no longer freedoms if some gain better access than others. There should be equal access to the internet.
Helge	Fuchs	
Lorenzo	Fuentes	
Tom	Fuerte	
Keri	Fujii	Keep large corporations from controlling the internet!
Joann	Fukumoto	
Lindmuth	Fuller	Net Neutrality for ALL!
Lara	Fuller	
John	Fullinwider	The promise of the Internet, the participation of millions in public life, in the democratic commons, will be lost if you put some of us in the fast lane and others in second class carriages on the shoulder.
Patricia	Fulmer	
William	Fulton	Please don't change the internet by making people pay for faster speeds on the net. LEAVE THE NET AS IT IS!
Andrea	Fulton	The Internet belongs to the people, just like the air we breath. Stop selling stuff off to Trans National Corporations.
Kayte	Fulton	The Internet is a public good. It must remain free from corporate intrusion. If Net Neutrality does not remain the standard, we will join the ranks of China, Iran and other nations who limit the open and transparent exchange of ALL information.
Diane	Fulton	
Frank	Furey	Telecoms, like the rest of the robber corporations, should be ushered into fast lanes to prison cells for robbing our livelihood and our future.
Suzanne	Furman	
David	Furman	
Joseph	Furst	Why do we constantly have to fight the large conglomerates that contribute big time over and over, this has to stop once and for all.
Joe	Furtado	FCC's responsibility is to the PUBLIC, not to corporate media giants who are already SCREWING the public. Stop this NOW.
Edith	Fusillo	The internet belongs to all--and it should belong equally to all.
F.	G	The overwhelming majority of people want and deserve an open internet. We need real net neutrality or we will suffer corporate control of the masses by a few elite people and that will lead to disaster.
G.	G	What a SCAM
Mary	Gaasch	
Kim	Gabel	
Theodor Tayo	Gabler	
Guy	Gabriel	Keep Net Neutral for all & not pay extra for faster service...
Robert	Gabriel	
Harold	Gabriel	Your expose to protect PUBLIC interest, so why are you pandering to Corporate carpet beggars lobbyist and selling out freedom of information to the "HIGHEST BIDDER"?
Ce	Gac	
Irna	Gadd	
Cathie	Gaddy	It will not be fair to the rest of us if you give the rights to the corporations to rule the airwaves
Francisco	Gadea	Keep the internet open to all. The rich and corporations have already plenty of advantages and do not need more!!
Diane	Gaffney	
Mal	Gaffney	
Susan	Gage	Corporations have way too much power in this country as it is, so please listen to the public about this matter, not the huge communications companies who stand to gain.
Allan	Gagnon	Stop kowtowing to these greedy huge businesses. If they want to make money cut the pay checks of the fat cats who do damn near nothing.
Brenda	Gaines	
Thomas	Gaisford	
Thomas	Gajewski	Equal access to information is a fundamental pillar of democracy. I ask that you classify the internet as a public utility to be regulated by the government. Thank you

Michael	Galante	
Querido	Galdo	Keep the internet open for all! No fast lanes, no preference for big money users. Period. the internet belongs to all of us Mr. Wheeler.
Ken	Gale	Greed is NOT good!
Allison	Gale	
Ken	Gale	
Apolinary	Galecki	
Ronald	Galiati	
Bernard	Galiley	I support net neutrality.
Kevin	Gallagher	Can you say common carrier
Theresa	Gallagher	
Julie	Gallagher	What happened to democracy... and the 99%. don't sell out the Internet to the elite rich.
Rita	Gallin	
Rita	Gallin	
Ann	Galloway	For-profit entities already control many media outlets and have greater political influence both through advertising dollars and campaign contributions. Enough! We the people count!
Adele	Galloway	Why should corporations get special treatment?
Terri	Gallu	
Jussi	Gamache	
Robert	Gamache	we need REAL net neutrality, not a net that is sold to the highest bidder!
Aron	Gamman	The wise standard of Net neutrality must be kept as the policy of the U.S. government or we will develop a widening gap between the information haves on one hand and the information have-nots. Information is meant for all to have.
Sarah	Ganang	
Gerald	Ganann	One Internet, one speed, for everyone. Sounds kind of ... American.
Kathy	Gancarz	
Michael	Ganley	
Croitiene	Ganmoryn	
Gloria	Gannaway	
Patricia	Gannon	
Margaret (Peggy)	Garber	A free and open internet is needed for a free and open democracy. Don't let the big corporations take over both. It is up to you.
Barbara	Garcia	Corporations have been given more "rights" then they should have. No Corporation should have the right to sell "fast lanes" on the internet.
Leah	Garcia	
Vickie	Garcia	
Ben F.	Garcia Ph.D.-Abd	
Jenny	Garden	Telephone companies can't decide that one phone call is more important or should get better service than another. Why should the Internet be any different? This is a democracy where everyone is supposed to have an equal shot.
Neil	Gardner	Now is not the time to give any more influence to those who are already in positions of influence. We need equal rights (and responsibilities) for all.
Raymond	Gardner	The end user can determine the amount of bandwidth via the product he buys from a ISP. The content provider can expand into the ISP peering at his cost/investment. The ISP should have no other determination about delivery.
Wayne	Gardner	The net belongs to everyone, it is the most useful source of information the average person has ever had. Don't let it be corrupted for the benefit of big business!
Gordon	Gardner	
David	Gardner	
Marie	Garescher	
Tom	Garfield	There is already so much inequality in the US that our democracy is at risk. Please don't increase that inequality by creating a two-tiered internet, shutting out the less affluent and stifling job-creating innovation.
Susan	Garfin	
Donald	Garlit	
Toni	Garmon	YOU PEOPLE ARE A DISGRACE TO THE AMERICAN PEOPLE.... YOU WORK FOR US....NOT THEM....REMEMBER ??? DO YOUR DAMN JOB OR RESIGN !!!
Virginia	Garner	
Karen	Garnett	This is a public utility. Treat it that way.
Jaime	Garnica	
Robert	Garrett	

Jeffrey	Garrison	One of the most effective democratizing tools on Earth is a non-commercial internet with free access. Please do not begin to add another shot through the feet of the human race!
Mary	Garrity	
Lydia	Garvey	
Richard	Gary	
Pau	Garza Jr	
Mary	Gaskill	We need equal access to the internet just as we have on the roadways of this nation.
Anna	Gasner	
Esther	Gass	
Ralph	Gates	
G.	Gatterer	
Gina	Gatto	
JENNIFER	GAUDET	The internet is a tremendous source of educational information for the general public. For this reason, there should not be slower speeds for low income. High wage earners should have the same accessibility as the low wage earners; we are all the same!
Gerard F.	Gaudin	The only options granted to consumers by these megalithic Greed-hogs are: "Pay More - Get Less"!!!! Do not allow them any more Greedy Power!!!
Brendan	Gaughran	
Randolph	Gaul	Preferential treatment is really a bad idea. But this is doubly true when those getting the preference are not even people but rather corporate entities which inherently are totally lacking in social morals and exist only for the purpose of monetary gain
Carol	Gault	
Tracy	Gaulton	We know what needs to be done here. And we know you know, too. We only question whether you will. You and your ilk have developed a very bad track record lately. Will you do the right thing, or will you create another mess that we have to clean up later?
Donald C.	Gause	
Luce	Gauthier	
Janet	Gautier	There should be equal access to the internet. Do not let corporate interests change that.
Mieko	Gavia	
Ismael	Gavidia	Internet should remain open and of equal opportunity for everyone to express themselves, like in any good democracy. That is why neutrality should remain as it is in the internet.
M.Jean	Gavin	
Michael	Gawdun	I oppose restricting the Internet to fast lanes for the wealthy and slow lanes for the rest of us with basic connections. The Internet should be treated like a public highway where anyone can get on it and go the speed limit.
Roslyn	Gayler	
Linda	Gazzola	The Internet must be kept neutral!!
Steve	Gazzoli	
Lynn	Gearhart	Selling fast lanes to the highest bidder is a really bad idea for 98% of us. Don't do it.
Kate	Geary	Please keep us all on an equal footing... don't let the titans control this arena also.
Alice	Gearysgroi	The founding fathers never supported oligarchy, which is what your plan of "internet fast lanes for the wealthy" is.
Rita	Gebauer	Keep your hands off the internet!! It has helped unite people in unknown ways that otherwise would have not happened.
Miles	Gebauer	Where I live I do not have Verizon or Time Warner available to me. This would make the internet that's not the best even worse. There are at least 5000 year round residents and 20 - 30,000 seasonal residents in this area. My exchange is 315.
Chris	Gebert	
Georgia	Gebhardt	
Curt	Gebhart	There is way too much corporate thought control in this world already! Also, in the wake of The Supreme Court's recent moves to help unleash virtually unlimited money to dominate our political system, a open internet is crucial for true free speech.
Sofia	Geburu	Please keep net neutrality, do not partition it into fast and slow lanes or otherwise. The internet is the most, utopian, beautiful thing there is in the universe. Do not let corporate America totally ruin it.
Mark	Gee	The internet is so important in today's world that it must be considered a public utility. The moneyed special interests should not be able to influence this decision. If you allow them to, there will be MAJOR backlash.
Patricia	Geier	We need REAL net neutrality. Please keep the internet free and unrestricted.
Kimberly	Geil	
Julie	Geisel	
John	Geiser	

Carol	Geisler	No fast and slow lanes. Net neutrality!!!
Anne	Geissinger	
Nancy	Geist	The FCC should classify the internet as a utility so that it stays in the hands of the people who paid for the development - the TAXPAYING CITIZENS OF THIS COUNTRY!
Judy	Genandt	
James	Geniuk	Why does Chairman Wheeler keep lying about what he really wants to do? Does President Obama realize who he appointed and how his views differ dramatically from Obama's when he took office?
Page	Gentleman	
Nicole	Gentry	
Martha	Geoghegan	Open Internet and an even playing field for everyone regardless of income is essential for a free country.... it benefits all citizens for information and education to be available to all. Please don't let moneyed corporations control Internet access.
Anthony	George	Open internet is democracy and a must. We will not settle for less
Marvin	George	The fact of the matter the anti net neutrality are going out of business and their is no justification for it.
Ursula	George	
Barry	George	
Richard	George	
Jay	Gerard	The Internet is a Unique tool for both communication and research. The value and usefulness of the Internet will by greatly diminished if it is controlled by corporate greed.
David	Gerber	Dear FCC: Please do what is right and promote the internet as a forum for innovation and new technology. If fast lanes are approved new startups will never get off the ground, and new technology will suffer.
Don	Geren	Please keep the internet equal for all of US
Christian	Gerhard	Stop choosing winners and losers - we need REAL net neutrality.
Lucinda	Gerlitz	
Jean	Germain	
Brigid	Geroux	Please, dear members of the FCC,, think of the rest of us. We need real net neutrality!
Benjamin	Gerritz	Don't monopolize the internet. The free flow of information spurs innovation and creates economic growth.
Adrienne	Gershon	Americans are entitled to an even playing field, at least with respect to services determined by the federal government.
Joel	Gerstl	
Ruth	Gerstner	They are all too big, and big is not for the average salaried American. What will they do when no one can be their customer. I guess they only need to ones with deep pockets. Good luck, because these are some of the first things people will cut, I did.
Mitch	Gette	Enough government interference!!! Leave the internet alone. It is the last bastion.
Kathleen	Gettens	This isn't right! Another example of corporate favoritism by moneyed interest and lobbying. How can we trust government when there's no interest in the whole country.
Nino	Getts	
Ann	Getty	
Jerilyn	Getz	It's one of the few places this kind of crap hasn't completely ruined it. All sorts of great things there now will fall apart. NO! NO! NO!
Sandra	Geyer	protect the rights of the American public.
Maura	Ghedini	FCC, I am openheartedly asking you to be one of the protectors of the Democracy we all love and have fought for. Do Stand with those who care for the future of humanity. Do NOT allow the privatization of any part of the Internet. Thank You!!
Sheila	Gholson	
Susan	Ghosh	I want an open internet with everyone having equal access. NO advantages for corporations!!!!!!! I am for NET NEUTRALITY
Robert	Gibb	
Ken	Gibb	We must have net neutrality!
Bruce	Gibeau	We want "real" neutrality.
Anne	Gibson	I strongly believe the internet should be equally accessible to all, regardless of ability to pay. It should NOT be possible to buy a faster "lane." We need some form of communication medium that big money can't control.
Bob	Gibson	No. No. No.
William	Gibson	REAL net neutrality, not dictated by corporations
Earl	Gibson	
Jill	Gibson	
Teri	Gibson	

David	Gick	
Michele	Gielis	
Dale	Giese	
Daniel	Giesy	Here is one more citizen opposed to configuring the internet with fast lanes for those who can pay and slow lanes for the hoy paloy. Declare the internet to be a public utility with equal access for all.
Richard	Giglio	
valerie	gilbert	freedom of speech! freedom of communication! no more monopolies and aristocracy! that's why we fought the darn revolution. we just have a new king now. it's called MONEY.
Joseph	Gilbert	In today's world, free and open access to an equally-effective internet is necessary for a participatory democracy. No first and second class allowed!
Chris	Gilbert	It's important to keep net neutrality for the internet. Like the public highways and schools, no one should be able to purchase rights that others can't afford.
Myrna	Gilbert	Please keep the Internet user neutral!
Alan	Gilbert	Putting the internet under the control of major telecoms will substantially alter (and do violence to) one of the most singularly democratic and influential inventions of the 20 century. It will abet what is already becoming a plutocracy.
Camille	Gilbert	The Internet needs an equal playing field. It's more like a public utility, not a thing for corporations to own and play with for their own benefit and bottom line.
Karen	Gilburg	Greedy, greedy, selfish, only think of yourself, spoiled brats!!!!!!
Siobhan	Gilchrist	I adamantly oppose the FCC's plan to allow faster internet access to paying sites. There is no rational reason to support an approach that will disadvantage many independent, non profit and unpopular sites by slowing access to such sites.
John	Giles	
Michael	Gilgosch	We need net neutrality. No compromises. Keep it free of control for all of us.
Reverend Debbra	Gill	
Thomas	Gillespie	In my 50yrs. in computing, two things stand-out: The Internet & putting a Man on the Moon. The Internet ties ALL of us together world-wide and educates us. Keep Net Neutrality!
Sharon	Gillespie	
F Laverne	Gillespie	
Mara	Gillett	Rights provided to US citizens under the 1st Amendment can only be exercised when net neutrality is preserved without corporate bias. Allowing corporations net priority goes against the 1st Amendment--and the US Constitution.
J.	Gillette	Leave the Internet alone. Don't allow special interests to get preferential treatment. Everyone should have equal access to the same speed of the Internet.
Omani	Gilliam	I have a FCC License and it would be appropriate to have the real net neutrality. I ask, why doesn't the copyright-enforcement loophole be removed?
Rhonda	Gilliam	The internet is such a powerful tool. It should be equally available to everyone, not just the wealthy.
Shannon	Gilligan	Net neutrality is at the basis of democracy.
Gerald And Linda	Gillihan	
Lindsay	Gillis	
Cynthia	Gilman	Please don't let the Internet be sold to the highest bidder. All lanes of the internet must be equal for all to learn and enjoy this incredible technology.
Dr. Helen M.	Gilmore	Please stop the selling of Fast Lanes. I would appreciate it! Dr. Helen M. Gilmore
Norma	Ginsberg	The greatness of the internet has been its open and equal opportunity for all. Do not make it another entitlement of the rich.
Roni	Ginsberg	
Marco	Giordano	Do not put corporate interests above the public good--you know what interest these measures are serving and it's not the people's nor the the democratic agora of the internet--but oligarchy and corporate feudalism.
Geoff	Giovan	
Lea	Girardin	This ruling will make it nearly impossible for new business dependent on the internet to start up. why harm a good thing?
Thomas	Girvin	As a professor of Mass Comm (among other related content areas), I rue the day I end up recounting to students how the FCC sold out to corporate interests and disenfranchised Americans "without means."
George	Girvin	Leave the internet unchanged. We need real net neutrality.
Bill	Gisbrecht	

Kathy	Gister	This fast-lane proposal feels like another strangulation attempt on Free Speech and stab in the back to equal access to and equal communication capability through this key resource. Please do not allow the fast lanes proposal to move forward.
Susan	Gitlitz	
Kenneth	Glantz	The entire basis of the Internet is open access and equality. Establishing different priorities would mean the destruction of that original, democratic impulse.
Tom	Glaser	
Mark	Glasser	The FCC knows its not right to regulate away open equal and fair access to the open internet. Americans in the street like me know it too, and we want the FCC to do the right thing and keep the internet equal open and fair. Mark Glasser Miami Florida
Joe	Glaston	Please preserve net neutrality and stop the continuing mergers that consolidate media outlets and decrease the variety of coverage that is essential to the functioning of a free press.
Eli	Glatstein	Do NOT give mega-companies any specific advantages. KEEP THE NET NEUTRAL.
Chelsea	Glauber	Don't. Just please don't.
Robert	Glaze	No fast lanes and resultant slow lanes. Keep corporate wealth and greed out of the internet.
patricia	gleason	
Harriet	Gleaton	
Debi	Glendening	I know you won't read this, but if you do, just know that the harder you push people, the harder they fight back. America will not take this lightly.
Adam	Glick	
Stephen	Gliva	
Joseph	Glombiak	
Julia	Glover	How can you possibly allow these fast lanes for the few, when you KNOW that the great majority of Americans are opposed to this? We're supposed to be living in a democracy, right?
Michael	Glynn	We need real net neutrality
Garland	Gobble	Please do not sell out to the greedy corporations that want to control our lives for their profit
Krista	Gobby	
Michael	Goch	KEEP THE INTERNET FREE - allowing a select few of deep pockets to control speed of access is further putting america behind in technology and the ability to innovate, compete, develop and, ultimately, maintain the edge on the world stage -
Stella	Godbey	You get everyone on line and then charge them for every little thing. Just like you did with digital TV. Our big satellite is now useless.
Gay	Goden	
Michael	Godey	
Douglas	Godfrey	ALL of the major social networking sites and most eCommerce sites started as small businesses less than 20 years ago. If AT&T or Verizon could have charged them a premium to reach their customers, they would not exist now.
Jill	Godmilow	If the FCC allows fast lanes for the few, the deep-pocketed will move their online content at top speed, consigning independent and dissenting voices to the slow lane. The rest of us will suffer and the intelligence of the commons will stagnate.
Phillip	Godsey	
Gary	Goedken	I'm tired of big money interests controlling everything. The internet has become an integral part of many peoples lives and business and why can't there be equal rights for everyone. Gary Goedken
Frances	Goff	The Internet should be treated as a PUBLIC utility.
Mary	Goff	We NEED REAL net neutrality!!! PLEASE!
Marilyn	Goforth	We do not want dictatorial management telling internet users what they can/can't watch on TV. We need REAL net neutrality. . .
Joyce	Goglio	LET FREEDOM RING, DON'T LET GREED RULE.
Robert	Goings	The internet is truly democracy and freedom in action. Let's build a better world. We need net neutrality!
Debra	Gold	Enough of the "eliting" of America! Keep the internet for the people - and corporations are NOT people!
Warren	Gold	FCC should maintain a neutral internet, not one controlled by corporations.
Martin	Gold	Keep net neutrality say no to preferential providers
Andrew	Gold	
Elliot	Gold	
Nancy	Gold	we all own the internet. I can not imagine the end of net neutrality. It would be a disaster for all of us who use the internet which is just about everyone!
Carol	Gold	We need a free and open internet! No fast lanes.
Bill	Goldberg	As an award winning programmer for Bell Laboratories, I can't emphasize enough how important and open internet is. The big corporate players have repeatedly dominated... if not crushed... the smaller ones. Keep the playing field equal!

Gabriel	Goldberg	Preserve open/free/fair/equitable Internet access and services; don't sell it to the highest corporate bidders!
Ben	Goldberg	
Carla	Golden	Net neutrality is wise.
Jeffrey	Golden	Selling the pathways to the internet to companies like Comcast and AT&T is inviting trouble down the road for Americans with fairly limited economic resources.
Glen	Golden	
Carol	Goldfarb	Keep the internet open!
Judith	Goldhammer	
James	Goldie	Putting a price on Internet access will effectively deny much of its educational benefits to the lower income families.
Barbara	Goldin	I value an open internet where websites can be visited with equal ease, where access is not dependent on how much money the user has to pay for a "fast lane." The internet as it is now fosters democracy. The FCC plan changes all this.
Irene	Goldman	Please do not allow fast lanes to be sold out from under the public interest. No to this proposed FCC sale. Thank you
Susan	Goldman	The internet was meant for the masses, NOT THE PRIVILEGED FEW!
Marjorie	Goldman	
Rochelle	Goldman	
Audrey	Goldman	
Steven	Goldman	you can not adopt rules that would allow corporate telecom titans like Verizon and Time Warner Cable to sell fast lanes online to the highest bidder. And fast lanes for the few mean slow lanes for everyone else. that is not acceptable.
Barry	Goldschmidt	
Ann	Goldschmidt	
Helen	Goldstein	Money controls our political life and much of the media. Please keep the internet open and accessible for those of us who lack deep pockets.
Barbara	Goldstein	
Sonia	Goldstein	
Maxane	Goldstein	
Libby J.	Goldstein	
glenda	goldwater	
Daniel	Golenbock	
Donald	Golfen	
Christine	Golliver	I believe that the internet should be open to all at the same price and speed. This country does not need another demarcation between the increasingly few very wealthy and the increasing greater poor.
L	Golsp	It is unconscionable to put internet access time up for sale. It is a common, world-wide communications medium that needs to continue to be free and open to all, not just to those who can pay for the fastest access.
Armando	Gomez	
Evelyn	Gomez	
Ariel	Gomez	
Alfred	Gomez	What is being propose is not fair to everyone it should be fair to everyone for everyone not just the deep-pocketed companies/corporations We need REAL net neutrality. -
Kathy	Gona	Fast reliable internet service needs to remain available and affordable to everyone! Students depend on it and there are many jobs that require applications and work to be done on the internet. providers are working to become monopolies. Help us please.
R	Gondelman	
Bernie	Gonzales	Equal access for all net neutrality.
James	Gonzalez	
Eric	Gooch	The deep-pocketed will pay to move their online content at top speed, consigning nonprofit, independent and dissenting voices to the slow lane. Pretty much the worst thing that could happen to the internet!
Louise	Good	It's just another case of the rich and powerful getting richer and more powerful and the rest of us losing out. We need real net neutrality.
Yvonne	Good	
Deborah	Goode	Internet should be free
Nicole	Gooden	
Anna	Goodhand-Allmand	I want an open internet with no fast lanes. It's inappropriate to allow corporations to have fast lanes. It's not fair to the public.
James	Gooding	Keep the net neutral!

Larry	Goodman	"... by the People, for the People" NOT privately/corporately owned and subsidized by the People! KEEP IT FOR THE PEOPLE!
Arifa	Goodman	Keep the net neutral. No fast tracking. Support democracy. Please. Thank you.
Margaret	Goodman	The internet should be for the public, not for the corporations!
Joan	Goodman	
Willard	Goodman	Verizon and ATT will strangle us if they get the opportunity. SAVE THE OPEN INTERNET !
Barbara	Goodman-Fischtröm	
Martha	Goodwin	The Internet is a utility. Nothing more, certainly not less. It belongs to all Americans.
Ron	Goodwin	
John	Goodyear	
Edward	Goral	We need REAL net neutrality not one that favors major telecom and cable companies because that would NOT be neutrality!!!
Suzon	Gordon	Being unable to access things equally will just make life more difficult. The ads carried by search engines already give payors top billing. Keep the rest of the net open as a common carrier, responsible for equal "traffic lanes" for all.
Thomas	Gordon	Hands off the internet!!
Rick	Gordon	I saved a mass mailing letter of Mr. Wheeler, promising Net Neutrality. I'm incredibly stressed out at the possibility of the internet in the US becoming even slower than it already is for most of the population. We need transparency more now than ever!
Eric	Gordon	Just because the rich control everything doesn't mean that they should control the greatest open forum for all people.
Keith	Gordon	Neutrality means no preference for the richest corporations.
Andrew	Gordon	
Mary Ann	Gordon	
George	Gordon	
Judith	Gore	How could you even consider selling the internet fast lanes to the highest bidders? Is there nothing that cannot be bought and controlled by wealth corporations?
Jean	Gore	
Joan	Gorger	The internet is a utility just like phone service. Net neutrality is a necessity.
Vincent	Gormley	Chairman Wheeler listen to the people or resign!
Edward	Gormley	I'm a trustee with a nonprofit sheltering homeless working families. We use the internet for: (1) fund raising, and (2) recruiting volunteers to help at our shelters .. Please don't do anything to slow down our access to the internet.
Ken	Gorrell	
Joleen	Gose	
Alice	Goss	The FCC seems bent on giving the internet to the big telecom titans. They already bilk the public for TV and broadband and control large areas with no competition for services. Telecom Control over the internet is not in the public interest.
Eva	Goss	
Trish	Gosselar	Yes we do need REAL net neutrality. Please!
Michael	Gossman	The internet should be protected to be the open line it has always been,,, no restrictions
Kevin	Gosztönyi	Hiring a corporate mouthpiece like Wheeler to head the FCC is like hiring a dingo to watch your baby.
richard	gottbrath	Everyone has the right to breath fresh air, so we have the EPA to ensure that we have air fit to breath. So to should the FCC maintain the internet free for everyone to use
Geri	Gottbrath	The Internet should remain open and free to everyone at the same level-NEUTRAL. No special rates for anyone.
Eileen	Gottschalk	Please do not be the ones who snuff out the promise of the internet.
Jeanette	Gotz	
Jack	Gould	High speed service should be there for everyone not just for those who can afford it.
Charles	Gould	I have very great concerns about the proposed changes to Internet access. I feel strongly that this is will have an extremely negative impact on freedom of expression as well as fair and equal access to the public forum that the Internet currently is.
Brian	Gould	This will reduce our bandwidth and access to content. Unacceptable! The industry is flush with cash and needs no further means to extract profit and reduce service. This is ridiculous to even consider.
Paul Julian	Gould	
Dennis	Gould	
Gail	Gouveia	Please do not let the internet become yet another example of how unequal our country is becoming! We all deserve equal access to the internet!
Gail	Gove	

Steve	Govedich	The Internet belongs to the public, not private companies. Do not drive another stake into the heart of the people's democracy!
George	Gowman	
William	Gracie	In an America largely disillusioned by the power of huge corporations, the last thing we need is the Internet's manipulation by giants as large as Google or Verizon. Keep internet neutrality: future generations will thank you for preserving the Internet.
Martha	Graef	The taxpayer paid for the development of the internet. It belongs to the People.
Cheryl	Graeve	Pleased protect citizen and non-profit rights to not be relegated to "slow" speed on the internet because we don't have the same resources as the corporate telecom industry has
Jolie	Graf	We have always had relative ease using the internet. I use it every day to sign important petitions, pay my bills, and find out news worthy information. We should continue to share and work together to build a better life for all of us, not just a few!
Tom	Graf	We need free speech, keep the internet open with real net neutrality!
Charles	Graff	Keep The Internet Equal for all.
Mary Ann	Graffagnino	We need real net neutrality. EQUALITY FOR ALL ON THE INTERNET. PLEASE NO SUPERFAST INTERNET FOR THE 1%, RATHER NET NEUTRALITY FOR ALL AMERICANS. IT IS THE RIGHT, FAIR, JUST, HUMANE AND HEALTHY ACTION TO TAKE.
Yvonne	Gragata	
Seana	Graham	Don't the one percent have enough already?
Gene	Graham	If you don't protect us, who will?
Joyce	Graham	Keep the internet open and available equally to all. Oppressive regimes around the world limit their citizens access to the internet -- don't let the US become a part of this group.
Julie S	Graham	Open Internet is crucial to open communication.
Richard	Graham	Please keep the internet free. We don't need more control.
Becky	Graham	Please preserve Net Neutrality. We all need and deserve equal treatment across the net.
Barbara	Graham	
Bradley	Graham	
Dessiree	Graham	
Robert	Grand	
Ania	Grandbois	
Peter	Grannis	I urge the FCC to guarantee equal internet access to all, and reject the idea of higher-speed access to for-profit entities. Such exclusive rights would stifle creativity and hurt small business and nonprofit organizations.
John	Grant	Net neutrality is required for the internet to function properly. Allowing telcomm companies to double-dip is unfair to market participants on both the consumer and business side.
Danny	Grantham	If the FCC's plan to allow fast lanes for the few goes forward, the rest of us will suffer.
Dennis	Graves	It is time to put the public interest above the interest of corporations and private enterprise.
Charles	Graves	
Caryn	Graves	
daniel	graves	
Bonnie	Gray	It is extremely troubling that the FCC is even considering giving the Internet such an advantage and power to the major telecom and cable companies. We the citizens are not wanting this advantage for corporations.
Doug	Gray	Make it fair for all not just for big business!
Cheryl	Gray	
Sylvia Ruth	Gray	
Barbara	Gray	
Carol	Grayson	
Shannon	Greely	don't try to fix something that is not broken!!
Judy	Green	America is freedom of speech, don't do it!!!
john	green	FCC, are there no limits to Corporate greed?
Brenda	Green	Please do not allow any changes in our use of the Internet. Many thanks for your successful efforts.
Chris	Green	Please don't go through with the current plan to kill Net Neutrality. I don't want to have to deal with slow internet ever again after finally receiving DSL in 2007. The people deserve REAL net neutrality. Take this into consideration.
Linda	Green	The internet is a public good and it should not be given over to private corporations for profit which in turn creates unequal access for the very public who are the real owners.
Elaine	Green	
June	Green	
Haley	Green	
Ed	Green	

Marc	Greenberg	The Internet is by definition democratic. The selling of privilege will severely undermine the principles of the free flow of information.
Helaine	Greenberg	
Deborah	Greenblatt	Save the Internet !
Thomas	Greene	
David	Greene	
Jjudyjordan	Greene	
Christopher	Greene	We can't risk turning the internet over to the big companies. Keep it available to all.
Sheila	Greene	Yet, more costs to the consumer under the titles, surcharges, fees, etc..Verizon and Comcast the communications mafia, are outrageous.
Terry	Greene Harvey	How can I be in touch with my family? How can talk to my friends? My kids need their Internet to do their school work. Why are you doing this to us? It's not fair. I hate it. Everything is being taken from us, I'm so scared.
Janice	Greenfield	Keep the internet open to ALL--regardless of their financial status!
Marji	Greenhut	I hope you will use your greatest wisdom & remember your responsibility to EACH PERSON in the world to use the internet equally without cost.This is your greatest gift to all people now and in the future .
Sally	Greenleaf	Please preserve net neutrality for the benefit of all net users.
Frances	Greenlee	Please keep the internet neutral or make it a public utility
Robby	Greenlee	
Patricia M.	Greenwald	Is everything for sale in this country? the internet should be the same for everyone.
Ken	Greenwald	Quite simply....THE INTERNET SHOULD BE FREE TO ALL. NO CORPORATE INTERFERENCE.
Dick	Greenwood	"...for the public convenience and necessity..." means for all the people, not pseudo corporate "persons."
Eugene	Greenwood	Appointing a Cable Industry Lobbyist to head the FCC was stupid. And is resulting in stupid things like this.
Ed	Greer	Private for profit entities should not be allowed to control what has always bee free public access. The haves have enough control of our lives as it is now!
David	Gregersen	
Thomas	Gregg	
Paul	Gregoire	Isn't this country supposed to be different from the average banana republic? Are we really so nakedly for sale? Sincerely, Paul Gregoire
Arthur	Gregorian	
Probyn	Gregory	No 2-tier system for internet please! Leave it-- it is working fine.
Ramsey	Gregory	The internet must be kept free and open, reclassify it as a public utility
Chilton	Gregory	
Gerard	Greiner	Net neutrality must remain in effect for the internet to be used for what it was invented for: to share information with everyone without restrictions.
Michael	Greiner	no to internet fast lanes
Brett	Greisen	Dear Chairman Wheeler, Don't count on TPP to save your decision for fast lanes. Most of those who vote for it will lose their jobs. Universal Ultra-High Speed Broadband Title II Common Carrier Thank you kindly for your time and attention.
Paul	Grekin	
Elaine	Gremminger	The internet needs to b available to everyone in the same fashion. Faster serviceto large corporations is unfair to the average person.
Mark Hayduke	Grenard	Keep the internet free and open.
Paul	Grenci	No second tier, no way. We the people are waking up, be part of the solution and keep the Internet open and free, not part of the problem. We will wake up either way.
Donald	Grether	
Wayne	Grewe	The FCC exists to serve all the people equally and that means stop catering to the rich corporations and other rich or special interests whose primary if not only is the rich. We demand that you live up to the support of all equally under the law.
Kathleen	Grey	Please keep the internet available to everyone!
Jeremie	Grey	The internet must remain free from those seeking corporate hegemony and profit. The net must remain neutral.
Cheryl	Grey	WE NEED REAL NET NEUTRALITY, and that is THAT!!!
Suzan	Gridley	The major telecom and cable companies already have too much control. Comcast has a monopoly in my neighborhood for cable TV and broadband packages with the associated cavalier customer service. Please don't pass any regulations which will give them more!
Paula	Grieb	Super fast internet for ALL!

Debra	Grieves	High speed connection to the internet should not be the sole domain of the rich. Jobs are scarce, even though the media is touting the lessening of the unemployed. The internet helps people find jobs.
J.	Griffin	I'm 81 years old - and I expect access to all sources of information, not the ones spending the most money.
Wesley	Griffin	Kick this greedy self serving bum out of office !!
Nancy	Griffin	Please keep the Internet open for all users. Empower everyone to be able to keep their access, not just corporations. Thank you.
Robert	Griffin	Please, NO FAST LANE!
Ralph	Griffin	This is not product like milk or gasoline. Don't regulate it as if it were.
Robert	Griffin	
Rosemary	Griffith	
Pablo	Griffith	
Patricia	Griffith	
Maria	Grigoriadis	Dear FCC, Please keep the internet neutral for all. Thank you
Charlotte	Grillot	
Sandra	Grimm	Once big corporations have the internet in their hands the public can be fed any information they so choose, political, religious, anything. Another Branch Dividian or Jonestown.
Woody	Grinstead	
Scott	Grinthal	
Gary	Griswold	In a world of altruistic people, your job wouldn't be necessary. We are not of that world and you need to do your job to make the internet a tool that works for everyone.
James	Groat	
Charlotte	Grogan	The internet has proven to be an extraordinary tool for democracy. The equality of access is essential to maintain this distinction. Please reconsider your position on this issue and maintain Net Neutrality.
Michael	Grohsman	
Fred	Groskind	Please act in the interest of equal opportunity in making decisions about the internet. Equality for children and young people in their ability to acquire knowledge and training.
Herb	Gross	Keep the net neutral. No fast lane sell-off.
Lee	Gross	
Sister James Marie	Gross	
Rolf	Gross	
Alan	Gross	
Stephen	Gross	
Sy	Grossman	
David	Grothey	I believe in Democracy. The greatest modern tool for the promotion of worldwide Democracy is a free, open, and neutral Internet. Please decide in favor of Democracy.
Eric	Grove	Limiting speedy internet access to allow private companies to increase profits is NOT your job! Your job is to protect the rights of citizens in the face of corporate greed!!
Janda	Grove	
Barbara	Grove	
Hayden	Groy	The internet should be free and available equally to all users.
George	Grumbach	Net neutrality is essential. Don't sell out.
Chris	Grundstrom	
Eric	Grunewald	This is just another attempt to restrict free speech and profit while doing it, and it's wrong ! Improve America's infrastructure so EVERYONE has the fastest available access. Keep the internet free, open, and at the fastest speed possible.
Diane	Grussing	Keep the net neutral. So general population can continue to enjoy access without financial burden.
Ralph	Guay	Keep the internet free...
John	Gudelanis	
Ingrid	Guerci	Do not let a private company charge exhorbitant prices for individuals to pay for internet service. In this day and age we all need it for necessities; do not charge different prices for different services.
Enrique	Guerrero	
Derrick	Guidry	Save our internet please!!
Alden	Guillory	Keep the internet free and fast for ALL parties!
Etienne	Guillory	
Ann	Gulick	The Internet works because access is not determined by money. The Internet belongs to everyone, not just businesses who want to make money. I am strongly against any changes to current configuration.

Jey	Gunasegaram	
Greta	Gundersen	Isn't it obvious that this democracy of ours is becoming an oligarchy? AS public officials you are trusted with protecting citizen's rights as people, not corporations. Please do not sell me out.
Allen	Gundlach	It's essential that we keep the internet free and equal!
C	Gunn	We all should have equal access.
Karlene	Gunter	My daughter owns a small company that depends upon the internet for sales. I two tier internet would severely affect her business.
Peter	Gunther	
Lee	Gurel	I can only repeat here what I wrote yesterday, as a holder of their stocks, in opposition to attempts of telecom companies to kill net neutrality. The internet should be seen as a public utility under close, firm supervision by governmental authorities.
Vsevolod	Gurevich	
Bernard	Gurman	Do not allow "separate and unequal" to occur. This is anti small business and consumers alike.
Rae Ann	Gustafson	
Thomas	Gutheil	Please do not let the corporations run the country.
Patricia	Guthrie	I depend on a free and open Internet for my tiny one-woman business. And, I DO pay Federal taxes, unlike Comcast, Verizon, et al.
Eugene	Gutierrez	Do not prostitute the internet.
Nancy	Gutierrez	No special Internet privileges for any corporation should be allowed, and Netflix should get their bribe money back immediately.. THE INTERNET IS AND SHOULD BE RECLASSIFIED AS A PUBLIC UTILITY! Thank you for your time.
Jess	Gutierrez	
Nicholas	Guy	The rich control too much of this country as it is. Allowing these 'fast lanes' for the rich is nothing less than another barrier between the rich and the middle class.
Anthony	Guzzo	How about working for the American public instead of the Big money telecommunications.
M	H	
S.	H	
Wendy	Haan	
Evelyn	Haas	We need net neutrality.
Aaron	Haase	Keep net neutrality! No "fast lanes." Fast lanes equal corporate censorship.. The internet must be treated as a public utility, fully accessible to all, and subject to the same restrictions as other public utilities.
Bassam	Habal	
Viva	Habbit Van Assen	Looks like another way for big business to rip off the public.
mark	haberman	
Sarah	Hackett	The main telecom and cable companies get enough preference as it is in their market places. This would only give them a bigger step up against smaller competitors who couldn't afford extra fees for faster speeds of connectivity. Enough is enough.
Bob	Hackney	As you know, the internet was created by our government, with research funded by our tax dollars, and rightfully belongs to us, the citizens. Corporate media has no right to restrict it's use, and the FCC has no right to make that possible.
Jordan	Haedtler	
Roxwell	Hafdahl	
Niles	Hagedorn	
Mc	Hagerty	Without an Open Internet, businesses will fail and the economy will start contracting. You will be out of a job!!!
Ed	Haggard	The future of the internet and our freedom there is of great importance to me!
Alan	Haggard	
Judith	Haglund	I won't use the internet if this passes!
Constanza	Hagmann	The American public paid through taxes and the efforts of DARPA to create the internet. Why should we give it up to the business sharks who don't give a hoot about our interests or well-being?
Donna	Hahus	Another attempt to increase the inequality gap.
Christina	Haig	
Charles	Hailey	The purpose of our government and it's agencies is to equally protect and empower all citizens. Creating fast lanes for the wealthy only exacerbates the excessive economic inequality that has been growing for decades. Two wrongs don't make a right.
Dorothy	Hailey	You MUST leave the internet free and open to all, just as it has been.
Barbara	Haines	
Wilbur	Haines	
Kelly	Hairgrove	

David	Hajicek	
Brandon	Halas	We are all equal and how deep our pockets are shouldn't determine our access level. Keep the internet neutral.
Carl	Halbert	It is time to stop structuring things so that only the wealthy can afford to participate - be it health care or internet service or whatever. Net Neutrality should be a part of all bills and regulations concerning the internet now and future.
Sherry	Halbrook	The trick is to combat criminal abuses and activities on the Internet without infringing on its free use and without allowing powerful telecoms and political interests to dominate it.
Diane	Hale	PLEASE, PLEASE leave the internet alone. Leave it free for everyone.
Ronald	Hale	The Internet has been an essential tool for democratizing knowledge. This depends on equal access for all. I urge you in the strongest terms to reject this harmful proposal.
Thomas	Hale	The Internet needs to remain neutral. That means the FCC's stance must be neutrality.
Katie	Hale	
Scott	Hall	I encourage you to preserve net neutrality. To allow corporate and business entities with very narrow and self serving interests to dominate, the egalitarian nature of the internet will be destroyed. Declare the internet a common carrier service.
Zack	Hall	If the FCC's plan to allow fast lanes for the few goes forward, the rest of us will suffer. The deep-pocketed will pay to move their online content at top speed, consigning nonprofit, independent and dissenting voices to the slow lane.
Steven	Hall	If this government is of the people, by the people and for the people, the interests of the common man must be held up as a priority standard. Rather than promote the disparity in income inequality, support equal access with the internet.
Jean	Hall	Net neutrality desperately needs protecting. Otherwise it will just be one more area when the rich trample the rest of us to satisfy their greed. Had enough of that, thank you.
Dennis	Hall	Please protect and represent the rights of ordinary US citizens, instead of those of the powerful corporations. Your decision will protect or further erode Democracy in this great country of ours.
Charles	Hall	Someone once said: "Give me freedom or give me death.!"
Agnes	Hall	The Internet should be free and not regulated by the government! I still like writing letters by hand, but am unable because of arthritis! I have friends and family abroad and this is the best way for me to say what I want to!
Marie	Hall	This is another instance of special treatment for corporations and groups with lots of money. It's an attack on democracy in the US.
Mary	Hall	
Kathleen	Hall	
David	Hall	
Kate	Hall	
B J	Hall	
Thomas	Hallal	
Robert	Haller	
Marcia	Halligan	Many groups of people need fair and equal access to the internet. Do not sell out to corporate interests.
Janice	Hallman	Why should major telecom and cable companies have unprecedented control over what you can see and say online. Is it because they have more money than the ordinary citizens like us? Online is a public domain for the good of all and that's the fact.!
Jane	Halsey	
Regina	Hamaker	
Bob	Hamburg	The Internet should be considered a UTILITY.
Barbara	Hamerlind	
Eric	Hamerstrom	I want net neutrality, not fast lanes for pay going to the biggest players.
Cheryl	Hamilton	FCC: PLEASE refrain from allowing large complex corporations to "BUY" control of the internet. Corporations are NOT people, whatever the Supreme Court thinks. We all need NET NEUTRALITY. PAY ATTENTION!!!!
Larry	Hamilton	Open internet for all!
Margo	Hamilton	The internet is a global tool, don't let special interests ruin it.
Kathleen	Hamilton	
Janet	Hamilton	
James	Hamilton	
Kerry-Ann	Hamilton-Rose	Please preserve the freedom of the internet. Internet access should be equal for all people and fast lanes should not be allowed. Before long, low budget internet sites will not be easily reached because connection speeds will be so low.
Thomas	Hamlin	

Penny	Hammack	When Al Gore built the internet (just kidding) we never thought that corporate interests would slow it down for the rest of us. I'm handicapped and I depend on the internet for numerous activities. Please don't let them slow it down for me.
Barbara	Hammel	The big communications providers already make a ton of money for people to use the internet and other entertainment services they own, however, there are many people who only have access to information on the internet because it is free.
Ronald	Hammersley	Maintain full net neutrality for all internet users.
Marjorie	Hammock	
Joan	Hammond	Access, as well as the speed of access, to the internet needs to be free and equal among all people in the USA.
James	Hampson	
Dan	Hancock	The internet is a public highway developed with public money. To allow private providers to channel the public's attention is tantamount to piracy of public domain. This should not even be considered by a public commission such as yours.
Quentin	Hancock	
Ruth	Hand	Don't do it.
Jon	Hand	
William	Handley	I am asking you of the FCC to do your job and keep the Internet open and fair. It has become as essential to America as electricity. I understand the personal sacrifice involved.
James	Handsfield	
Susan	Hanlon	
Brian	Hanna	Allowing cable companies to act as a network ISP AND to compete as a vendor of entertainment on that same network creates a monopoly and restricts competition. ISPs should be required to provide vendor-neutral service.
Mary	Hanna	If you believe that you live in a democracy, you will decide in favor of an internet that is accessible to all. There should be no special privileges for any person or any corporation.
Corine	Hannaford	There should be the same lanes for everyone on the internet. The internet is for everybody, not just a chosen few.
Steve	Hannemann	
Larry	Hannon	
dena	hanold	while the wealthy buy power with cash, ordinary folks have only one avenue left - the internet. you take away our level playing field and the middle class is done. full power to the wealthiest. the rest of us struggle forever with constant mediocrity.
Phillip	Hansen	Bad Idea...It will destroy much of the nations creativity.
Rolf	Hansen	Congress is for the people not for big business! Do not pass the bill
Jeff	Hansen	Dear FCC, Please keep looking out for us little guys, and don't allow this to happen! Jeff Hansen
Frederick D.	Hansen	I support internet neutrality. I do not support the establishment of socioeconomic classes.
Jan	Hansen	Net neutrality is a must and shouldn't be controlled by mega media corporations.
Than	Hansen	Please keep the Internet open, otherwise you're simply doing the bidding of the cable industry. And no, I won't accuse anyone of being a dingo.
Christine	Hansen	Please protect free speech, access to information, and online innovation by ensuring complete and unadulterated net neutrality for all Internet users, by guaranteeing open Internet protections.
Virginia	Hansen	
Audrey	Hansen	
Marilyn	Hansen	
Helenann	Hansen	
Diane	Hansen-Bettis	
Paul	Hansknecht	The Internet has been perceived by the public (and pretty much operated that way) as a PUBLIC UTILITY which delivers digital information to our homes and offices. Keep it that way. Define it as a public utility!
Rodney	Hanson	I don't want to be force-fed a completely corporate internet. Corporations have almost all the advantages without a fast lane. Get with the people.
Edward	Hanson	The US people paid for the internet, and we own it. It must work for us, not the trans-national corporations. You are either with us, or against us. Which is it? There is no longer any middle ground.
Richard	Hanson	
Robert	Harbison	Leave the internet alone
Kristen	Harbour	
Joan	Harden	
Linda	Hardesty	Don't let monster corporation turn the Internet into their toy!
Yvonne	Hardgrave	

Pauline	Harding	The response in Europe to loss of net neutrality is to launch private satellites that will further litter outer space. Will Americans be allowed to launch private satellites, or will we have to figure out ways to piggyback onto the European carriers?
Cheryl	Harding	We need net neutrality, not a corporate-biased net.
Kathryn	Hargreaves	
Rich	Harisay	It is no mystery why this is happening. We have been putting increasing pressure on corporations and the elite. Our best method of communication is the internet. If big business wins this we will see other moves to crowd us out of the internet altogether
Ann	Harlan	Please do not sell-out the American people by making this one more place in which the rich have an advantage. I'm a single working mother and my children and I will not have a fighting chance at jobs and education if you don't give us open and fair access
Susan	Harman	
Holly	Harmon	.org
Diane	Harms	I'm voicing my opinion but but have serious doubts that I don't have enough money for them to care.
Peter	Haroutian	remember our constitution...
Carol Lynn	Harp	It's not free speech if you have to pay for it.
Edith E	Harp	
Amy	Harper	Don't allow the internet to be monopolized for profit!
Robin	Harper	KEEP THE INTERNET OPEN AND NEUTRAL! THOSE AT THE FCC HAVE A HUGE RESPONSIBILITY TO PRESERVE FREE ACCESS TO THIS MODERN MIRACLE OF COMMUNICATION. THE PEOPLE OF THE WORLD ARE DEPENDING ON YOU!
William	Harper	The internet is fine as it is. Leave it alone!
Robin	Harper	The internet is open to all, and should remain open to all...freely!
Marilynn	Harper	
Mike	Harper	
WILLIAM	HARRELL	We paid for the invention of the internet. It does not belong and should not be controlled by the telecom companies. Stop this foolishness.
Frances	Harriman	we need REAL net neutrality.
Mike	Harrington	
E	Harris	Control of the flow of information is anti-American. Period. The government paid to develop the web. Keep it free or state publicly that you have sold yourself.
Ladonna	Harris	do not sell the Internet
Erin	Harris	For democracy's sake, reclassify the Net as the telecommunications service that it is, and then regulate it in the public interest .Shame on this FCC if you let net neutrality be undermined by greedy grillionaires.
Jonathan	Harris	Please keep the Internet a level playing field, this is very important for small businesses around the country, which led the country out of the last recession. The proposed plan is a BAD idea.
Esther	Harris	Stop abusing us, the consumers. You represent the people, not the corporations
Donald	Harris	The internet must stay open!
Patricia	Harris	The Internet was first conceived and built by Prof and grad students using college and gov funding. In no way, shape or form should CORPORATIONS benefit from public money.
Michael	Harris	This is nothing but corporate greed at its ugliest. It would be a wise choice to not go forward with this under the old "if it ain't broke" theory.
Robert	Harris	
Shannon	Harris	
Rick	Harris	
Norma	Harris	
Alvin	Harris	
Bill	Harris	
Sweet	Harris	
Louis C.	Harris Jr.	To serve the people well the internet must remain democratic, no special treatments.
Theresa	Harrison	. If our government is truly of, for and by the people, a gov't agency should recognize this as a truly anti-democratic attempt to subvert an entire societal infrastructure so that a privileged moneyed few can re-exert and extend their dominance.
Kent	Harrison	Do not allow the telecommunications corporations access to sell any portion of the internet to anyone.
John	Harrison	Don't be dupes of the corporations, their only concern is profits nothing else.
Terri	Harrison	Please don't allow a few companies to crowd out competiion. Leave the net neutral.
Naomi	Harrison	There should be NO no special treatment (fast lanes) for the few who can afford to pay extra for it. No justifications.

Catherine	Harrison	This is another example of the constant PANDERING to the wealthy and powerful, and delegation of the rest of us to second class, that is going on in this country---SHAME!
Gregg	Harrison	
Tatiana	Harrison	We need real net neutrality, not an internet whose speed is lambasted by telecom and cable companies seeking to make the largest profit.
Jane	Harrison	Your job is to protect the common good not corporate profits. Do the right thing to preserve democracy not plutocracy.
Lois Marie	Harrod	Let's give all equal access to knowledge. No fast lanes for the few.
Michael	Harrop	
Cheryl	Harshman	I make my living as an author and the freedom of the internet should not be compromised by the desire for profit by a few mega-corporations. Please protect real net neutrality.
Helen	Harshman-Edwards	No favorites for moneyed internet.
Johann	Hart	Apparently the fast lane for the few means lining the pockets of those that will allow it. I personally think that the internet should be free for all.
Carole	Hart	Are you there for the people or the money? Please do not forget, you are there for us! PLEASE!
William	Hart	The choice is really whether your agency, supported by the people's taxes, is going to help all Americans or just the few who have a lot of money and know how to use it to get their way..
Joy	Hart	
Pete	Hart	
Peter G	Hart	
John	Harte	
James	Hartley	Profit is not everything. We need to forego some profits and keep the internet open for everybody.
Julie	Hartman	
Blanche	Hartman	
Lorraine	Hartmann	
Patrick	Hartnett	The only way to save the internet is by providing real net neutrality. Put a stop to the big business take over of the internet. It is our only source of unbiased news!
Jef	Harvey	Among other benefits to society, net neutrality protects small businesses. Larger companies will have an unfair advantage, if bigger companies are permitted to have faster internet service. Keep the internet open & fair to all.
Cynthia	Harvey	Major telecom and cable companies have far too much control now. Time someone fought for the middle class instead of just talking about it!!!!
Gene	Harvey	
Paul	Harvey	
Marilyn	Harwell	
Linda	Haschart	All SHOULD have EQUAL access
Jeannette	Hassberg	I believe slow and fast lanes, or any other two-tier systems, are a form of apartheid in access to information!
karen	hasson	
Richard	Hatch	Real net neutrality is a key issue of our time.
Ethan	Hatchett	
Susan	Hathaway	Net neutrality is a principle worth defending, but "our" federal government apparently doesn't believe that anything should exist unless it makes a profit for some corporation.
Lucas	Hatton	Keep Speech Free! (not 'pay to say'.)
Richard	Hau	Please save net neutrality! Keep it equal for all, regardless of money!
John	Hauf	
Curtis	Haugeborg	The Internet must be an equal playing field. To allow money to dictate who has the right to faster access to dissemination of information is wrong.
Keith	Haumann	
Darla	Haun	
Elizabeth	Hauser	Please protect net neutrality. Do not let telecom and cable companies give some entities faster service than others. Do not join the race to the bottom. People are more important than corporations.
Karen	Hauser	
Vernon	Havens	The internet is the people's net, it was initiated by and with the people's money. The People demand much more for our investment money than we have been getting, and that includes a completely open, freely and equally accessible internet and web!
Brian	Haverstock	
Vikki	Havle	
Jane	Hawes	The Internet is a common carrier, and should be regulated as such. No double standard!

Beverly	Hawkins	DON'T LET CORPORATION WIN OVER THE AMERICAN PEOPLE.
Melissa	Hawkins	Legislate net neutrality.
Don	Hawkins	
G.J.	Hawkins	You'll keep hearing from me because you must keep the internet open, neutral, and free to all to use regardless of money. Big money should not be the defining factor for the internet. Big money will stifle innovation which we need more of not less.
Jay	Hawkshead	Doesn't big media/telecom have enough power already?
Misty	Hay	REAL net neutrality is the only way to go. Please don not allow only the wealthy to have access to the Internet.
Sue	Hayden	The internet is too important to everyone to let its efficient use go to the highest bidder. Our government is run by the highest bidder and look at what a disaster that has become!! Please be fair and just and make sure there is NET neutrality.
Michael	Hayes	Equal opportunity for all!
Jack	Hayes	I never thought that I would live to see the day that this country abrogated the Constitution. Since the despicable 2000 election when the Supreme Court appointed the president, our civil rights are slowly being revoked.
Cecil	Hayes	Money is freedom of speech for the oligarchs. An open internet is freedom of speech for anyone else.
Joseph	Hayes	No one should enjoy a fast lane on the internet. It needs to stay democratic and provide equal access to everyone, rich or poor.
Jane	Hayes	
Elisabeth	Haynes	
Karen	Hays	Preserve net neutrality. End the near monopoly and exuberant prices charged by big telecom.
Catherine	Hays	
Kenneth	Hays	
Peter	Hayton	The internet is one of the few things where all are equal. Please don't turn me into a second class consumer.
Helen	Haywood	We need net neutrality. Big Business should not have special privileges.
Evan	Hazard	Ordinary people should have access equal to that of corporations. WWJD?
Debra A	Hazelrig	
Lynne	Hazlip	Do not give the internet away to the highest bidders. Keep the internet free and open to all.
Jane	Heald	The net MUST remain neutral!!!
Mark	Heald	
Diana	Hearn	Support American citizens NOT Big Telecom. Keep the internet free.
Gail	Hearsey	Don't let big business take the Internet away from the world's citizens!! We need to keep it fair and available for everyone, no matter what the speed.
Larry	Heath	Do not destroy the Internet and allow it to become another example of the spoils going to the highest bidder. That is alien to the entire concept of this service.
Dolores	Heath	
Lowrey	Heaver	NO to selling so-called 'fast lanes' online.
Susan	Heaver	
David	Hebb	The internet is the single most important mode of communications in the world, and to allow preferential treatment will have an irreversible impact on everyone. It potentially could limit telephone access as well as free speech.
Esther	Hebert	Keep it fair for all.
Steve	Heckart	The public needs net neutrality. Please don't sell us out to the telecom and cable companies. If anything, you should be charging them a premium because of their hogging the bandwidth.
Bernard	Hecker	Keep the net free! It's important for science and democracy!
Frederick	Hecker	The Internet has become a PUBLIC utility - don't sell it to \$ profit-driven companies.
Don	Hedgepeth	Stop fucking over the public
Lloyd	Hedger	
Katherine	Heerbrandt	
Mark	Heerema	Keep the Internet neutral. Do not sell faster access to high bidders. Everyone should have equal access.
Carole	Heffernan	Make it part of the commons. No extra benefits for money. They American people paid to develop it they own it all the people not a few
Nan	Heflin	Don't let corporate greed put individual citizens in the slow lane - and don't punish small business startups that can't afford to compete with the big boys! Keep the Internet for everyone!
Glen	Heggstad	FCC please say NO to big business and yes to net neutrality.
Ruth	Hehn	
Joseph	Heilgeist	Open your eyes and look and listen, remember there is such a thing as a monopoly.
